MANAGEMENT DISCUSSIONS & ANALYSIS

MACRO ECONOMIC ENVIRONMENT

The year 2012 had been a year of slow growth world over and as per IMF forecast Global Economy is likely to show a growth of 3.3% during 2013 as compared to growth of 3.2% during 2012. The Global Economies witnessed a subdued growth with diverging growth paths across major economies. US economy which has registered a modest recovery is again subject to the adverse impact of the budget sequestration which will gradually gain pace during 2013. Japan's economy has shown signs of improvement on account of monetary and fiscal stimulus undertaken. The sovereign debt crises and the danger of a banking system meltdown in peripheral euro zone countries coupled with contraction in its major economies like Germany has resulted in negative growth in Euro zone.

The growth in the Emerging Market Economies which are viewed as growth engines of the world economy have also slowed down with Brazil and South Africa registering accelerated growth where as Russia, China and India recorded a lower growth.

According to the Central Statistics Office's advance estimate of GDP growth, Indian Economy is expected to grow at 5% during the year 2012-13 as compared to a growth of 6.21% registered during 2011-12. This has been mainly on account of weak industrial activity compounded by domestic supply bottlenecks and slackening of external demand. This has also slowdown the growth in the service sector which has been the main driver of the growth.

The Reserve Bank of India in order to strike a balance in growth- inflation dynamics have initiated various measures during 2012-2013 to provide greater liquidity to financial system. This has resulted in moderating the headline inflation within its acceptable level. The food inflation as measured by new combined (rural and urban) consumer price index (CPI) remains in double digit is a cause of concern. The measures initiated are expected to result in moderate growth in GDP in the second half of 2013-2014.

REVIEW OF OPERATIONS

The Company has registered gross Revenue of ` 1195.90 Lac as compared to ` 1038.39 Lac in previous financial year. PBT Margin during the year remains ` 67.34 Lac in comparison to last years' figure of ` 21.67 Lac whereas Net Profit remains at ` 46.53 Lac in comparison to last years' figure of ` 14.97 Lac.

BUSINESS SEGMENT

During the year, the Company was into the business of Investment in Capital and Money Market and was doing a business of investment in shares & securities as well as financing activities in accordance with the Accounting Standard 17 notified by Companies (Accounting Standards) Rules 2006.

OPPORTUNITIES

The Indian money market is "a market for short-term and Long term funds with maturity ranging from overnight to one year and includes financial instruments that are deemed to be close substitutes of money. It is diversified and has evolved through many stages, from the conventional platform of treasury bills and call money to commercial paper, certificates of deposit, repos, FRAs and IRS more recently.

The Indian money market consists of diverse sub-markets, each dealing in a particular type of short-term credit. The money market fulfills the borrowing and investment requirements of providers and users of short-term funds, and balances the demand for and supply of short-term funds by providing an equilibrium mechanism.

In Stock Market or Capital Market, the first and foremost thing of strength is its ability to provide high return. SEBI is a regulatory body of Indian stock market which protects the interest of the investors which is an added benefit of Stock Market. Large number of securities which provides medium for investment and thus people can make money by way of investing wisely in Stock Market. Large numbers of Brokers are there in Market who plays a role of facilitator for investment.

THREATS & CONCERNS

The Indian economy is caught between low growth and stubbornly high inflation. Last month, the International Monetary Fund (IMF) revised the year-over-year GDP growth forecast of India to 5.7 percent for 2013, down from its January estimate of 5.9 percent. The IMF attributed structural factors as the primary reasons for the poor performance, rather than the cyclical factors cited by the government last month. Additionally, the IMF expects consumer-price inflation to remain at around 10 percent in 2013 due to a rise in food and fuel prices. Lately, there have been signs of easing inflationary pressures. The wholesale-price inflation has steadily decreased since late 2012, while consumer-price inflation went below 10 percent this May, as the economy operates below capacity. However, the government's attempt to reduce the fuel subsidy bill by raising administered fuel prices will likely reverse the fall in inflation in the remaining part of the year.

The situation for India is unique because both fiscal and monetary policies have had limited flexibility to bail out the economy. High fiscal and current-account deficits restrict the government's ability to undertake proactive stimulus programs to boost the economy. The level of domestic inflation remains higher than the Reserve Bank of India's (RBI's) comfort level, which limits the RBI's ability to ease monetary policy further. Despite such pressures, the RBI is expected to reduce the policy rates, though marginally, in order to boost economic activity in the country.

Fiscal deficit is expected to be 5.3 percent of GDP in 2012-2013, while the current account recorded the largest-ever deficit of 6.7 percent of GDP in the third quarter of 2012-2013. The government's strategy of fiscal consolidation has repeatedly gone off course since 2008 due to a series of unfavorable developments. Since last September, the government has taken bold measures to cut down fuel subsidies to prop up public finance, helping the government to restrict the fiscal deficit within the revised target of 5.1 percent of GDP. However, with general elections being just a year away, progress in this direction will be limited and even likely reverse.

RISK MANAGEMENT

The Company has aligned its policy on risk assessment in line with global approach and risk assessment reports are reviewed on regular intervals. The Company has adopted a focused approach towards risk management in the form of a corporate insurance program which has the goal of optimizing the financing of insurable risks by using a combination of risk retention and risk transfer. The program covers all potential risks relating to business operations of the Company at its various locations.

The Company's business critical software is operated on a server with regular maintenance and back-up of data. The system's parallel architecture overcomes failures and breakdowns. Reliable and permanently updated tools guard against virus attacks. Updated tools are regularly loaded to ensure a virus free environment.

INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company has implemented a comprehensive system of internal controls and risk management systems for achieving operational efficiency, optimal utilisation of resources, credible financial reporting and compliance with local laws. These controls are regularly reviewed by both internal and external

agencies for its efficiency and effectiveness. Management information and reporting system for key operational activities form part of overall control mechanism.

The Company has retained the services of independent firms of professionals to function as internal auditors and provide reports on various activities covering observations on adequacy of internal controls and their recommendations. Findings of internal audit reports and effectiveness of internal control measures are reviewed by top management and audit committee of the Board. During the year, internal audit team of Company performed audits of major operational areas of the Company and carried out elaborate checks and verification and shared their findings with top management for remediation of minor gaps wherever required.

HUMAN RESOURCES

The Company recognizes that its success is deeply embedded in the success of its human capital. During 2012-2013, the Company continued to strengthen its HR processes in line with its objective of creating an inspired workforce. The employee engagement initiatives included placing greater emphasis on learning and development, launching leadership development programme, introducing internal communication, providing opportunities to staff to seek inspirational roles through internal job postings, streamlining the Performance Management System, making the compensation structure more competitive and streamlining the performance-link rewards and incentives.

The Company believes that learning is an ongoing process. Towards this end, the Company has built a training infrastructure which seeks to upgrade skill levels across grades and functions through a combination of in-house and external programme.

CORPORATE SUSTAINABILITY AND SOCIAL RESPONSIBILITY

The Company constantly strives to meet and exceed expectations in terms of the quality of its business and services. The Company commits itself to ethical and sustainable operation and development of all business activities according to responsible care and its own code of conduct. Corporate Social Responsibility is an integral part of the Company's philosophy and participates in activities in the area of education and health.

CAUTIONARY STATEMENT

Certain statements under "Management Discussion & Analysis" describing the Company's objectives, projections, estimates, expectations or predictions may be forward looking statement within the meaning of applicable securities laws and regulations. Although the expectations are based on reasonable assumptions, the actual results could materially differ from those expressed or implied, since the Company's operations are influenced by many external and internal factors beyond the control of the Company. The Company assumes no responsibility to publicly amend, modify or revise any forward looking statements, on the basis of any subsequent developments, information or events.

COMPLIANCE

The Compliance function of the Company is responsible for independently ensuring that operating and business units comply with regulatory and internal guidelines. The Compliance Department of the Company is continued to play a pivotal role in ensuring implementation of compliance functions in accordance with the directives issued by regulators, the Company's Board of Directors and the Company's Compliance Policy. The Audit Committee of the Board reviews the performance of the Compliance Department and the status of compliance with regulatory/internal guidelines on a periodic basis.

New Instructions/Guidelines issued by the regulatory authorities were disseminated across the Company to ensure that the business and functional units operate within the boundaries set by regulators and that compliance risks are suitably monitored and mitigated in course of their activities and processes. New products and process launched during the year were subjected to scrutiny from the Compliance Standpoint and proposals of financial services were screened from risk control prospective.

The Company has complied with all requirements of regulatory authorities. No penalties/strictures were imposed on the Company by stock exchanges or SEBI or any statutory authority on any matter related to capital market during the last three years.

n. Dematerialization of Equity Shares & Liquidity

The Company's Equity Shares are in Demat trading segment and the Company had established connectivity with both NSDL & CDSL by signing the necessary agreements.

Procedures for dematerialization / rematerialization of Equity Shares:-

Shareholders seeking demat / remat of their shares need to approach their Depository Participants (DP) with whom they maintain a demat account. The DP will generate an electronic request and will send the physical share certificates to Registrar and Share Transfer Agents of the Company. Upon receipt of the request and share certificates, the Registrar will verify the same. Upon verification, the Registrar will request NSDL/CDSL to confirm the demat request. The demat account of the respective share holder will be credited with equivalent number of shares. In case of rejection of the request, the same shall be communicated to the shareholder.

In case of remat, upon receipt of the request from the shareholder, the DP generates a request and verification of the same is done by the Registrar. The Registrar then requests NSDL or CDSL to confirm the same. Approval of the Company is being sought and equivalent numbers of shares are issued in physical form to the shareholder. The share certificates are dispatched within 15 days from the date of issue of Shares.

As on 31st March 2013, 95.37% Equity Shares of the Company are in dematerialized form.

o. Listing Fees and Annual Custodial Fees

AUDIT REPORT

To the Members of NCL Research and Financial Services Limited

We have audited the attached Balance Sheet of NCL RESEARCH AND FINANCIAL SERVICES LIMITED. We have audited the accompanying financial statements of M/s. NCL Research & Financial Services Limited, which comprise the Balance Sheet as at 31st March, 2013, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2013;
- b) in the case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date, and
- c) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.

2. As required by Section 227(3) of the Act, we report that:
- (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the Balance Sheet, Statement of Profit and Loss, and the Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Act.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2013 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2013 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act.

Significant Accounting Policies

1 Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2 Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialized.

3 Inventories

Inventories are valued at the lower of cost (on FIFO basis) and the net realisable value after providing for obsolescence and other losses, where considered necessary.

4 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

5 Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

6 Revenue Recognition

All incomes and expenditure are recognised as per 'Accounting Standard-9' accounted on accrual basis except where stated otherwise.

Dividends on investments are accounted for when the right to receive the dividend is established.

7 Employee Benefits

- I. Provident Fund and E.S.I.C Scheme is not applicable to the company.
- II. Gratuity is accounted as and when it becomes due.

Notes to Financial Statement for the year ended 31st March 2013

8 Segment Reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities"

9 Investments

Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

Current investments are carried individually, at the lower of cost and fair value. Costs of investments include acquisition charges such as brokerage, fees and duties.

10 Borrowing Cost

Borrowing costs directly attributable to the acquisition and construction of qualifying fixed assets are capitalized as part of the cost of the assets, up to the date the asset is put to use. Other borrowing costs are charged to the Profit and Loss Account.

11 Taxes on Income

Current Tax is determined as the tax payable in respect of taxable income for the year, if any. Deferred tax for the year is recognised on timing difference; being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred Tax Assets and Liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred Tax Assets are recognised and carried forward only if there is a reasonable/virtual certainty of realisation.

Current and deferred taxes relating to items directly recognised in equity are recognised in equity and not in the Statement of Profit and Loss.

Notes to Financial Statement for the year ended 31st March 2013

12 Provisions and Contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

13 Impairment of Assets

At the end of each year, the Company assesses whether any impairment loss may have occurred in respect of its Assets in accordance with Accounting Standard - 28 "Impairment of Assets" issued by the Institute of Chartered Accountants of India, and Impairment Losses if any are accounted for by the company in accordance with the Standard applicable.

SEGMENT INFORMATION (AS-17)

A) Primary Segment Reporting (by Business Segments)

- i. The Company's business segments are identified as Textile Business, Investments in Shares & Securities and Money lending Activities.
- ii. The accounting policies used in the preparation of the financial statements of the Company are also applied for segment reporting.
